## ANNEX II: MINUTES OF THE FIFTH AFRITAC WEST 2 STEERING COMMITTEE MEETING

**APRIL 28, 2017**

**OASIS PRAIAMAR HOTEL, PRAIA, CABO VERDE**

The fifth Steering Committee (SC) meeting of AFRITAC West 2 (AFW2) of the International Monetary Fund (IMF) was held on Friday, April 28<sup>th</sup>, 2017 at the Oasis Hotel, Praia in Cabo Verde. The meeting was chaired by His Excellency (H.E) Mr. Olavo Correia <sup>1</sup>, Minister of Finance for Cabo Verde.

*AFW2's Steering Committee (SC) members welcomed the progress made by the Center in establishing itself as a frontline provider of capacity development (CD) in the sub-region. The SC endorsed the work program for FY 2018. The meeting was briefed on the roll-out of the Fund-wide Results-Based Management framework at the Center. Member countries were urged to retain ownership of the Center's capacity development work particularly in the context of the RBM. The inception note for the Center's mid-term external evaluation was presented at the meeting, the recommendations and the lessons of which would be reported to the SC at its next meeting to be held in Nigeria in April 2018.*

### **1. Chairman's Opening Remarks and Adoption of the Minutes of the 4<sup>th</sup> Steering Committee Meeting held in April 2016**

The meeting commenced at 9:15 am.

H.E. Mr. Olavo Correia, **the Chair and Minister of Finance for Cabo Verde**, welcomed the Steering Committee (SC) to Cabo Verde and to the meeting. In his opening remarks<sup>2</sup>, the Chair was pleased with the progress made by the Center so far in fulfilling its mandate. He highlighted some of the Center's work in various countries which had received positive feedback and acknowledged the strengthened partnership between the Center and the regional bodies over the past year. Minister Correia urged national authorities to work diligently with the Center to achieve the results expected in the various countries and expressed appreciation to AFW2's development partners for their support.

The Agenda for the meeting was adopted.

The Minutes of the 4<sup>th</sup> SC meeting, held on April 28, 2016 were approved.

---

<sup>1</sup> The Minister was excused after the first part of the meeting to attend to other urgent matters and was replaced as Chair by Mr. Gilson Pina, Macroeconomic Advisor to the Minister of Finance Cabo Verde, and later by Ms. Liza Helena Vaz, Director of the National Directorate of State Revenue of Cabo Verde.

<sup>2</sup> The Minister's opening remarks will be included in the published annual report.

## 2. Brief Development Partners Remarks

Remarks were given by the representatives of the European Union (EU) and the European Investment Bank (EIB).

**His Excellency José Manuel Pinto Teixeira, Head of the EU Delegation to Cabo Verde** stated that capacity building was an important area of support for the EU and noted that the EU is the largest donor for AFW2. He welcomed the Center's resilience during the Ebola crisis, and going forward reaffirmed the EU's continued support for the Center.

**Ms. Nina Fenton, European Investment Bank (EIB)** indicated that the AFRITAC support was relatively new for the EIB. Notwithstanding, the EIB saw its relevance particularly in the financial sector. She welcomed the progress made by the Center in delivering its work.

## 3. Video Presentation: AFW2 Member Country Representatives' Views on the Center's Capacity Building Work

A 15-minute documentary video showcasing the Center's work was premiered at the meeting. The video featured high-level officials from all the six AFW2 member countries who gave positive feedback on the work of the Center in the various countries.

## 4. Reports on the Implementation of the FY 2017 Work Plan

**Mr. Lamin Leigh, Center Coordinator -CC/AFW2**, gave a presentation<sup>3</sup> which broadly reviewed the Center's work in Fiscal Year (FY) 2017 and highlighted the strategic priorities for FY 2018. This was followed by a presentation by the AFW2 Regional Advisors on the implementation of the FY 2017 work program in the following order: **Ms. Faith Mazani** (Revenue Administration -Tax), **Mr. Philip Wood** (Revenue Administration - Customs), **Mr. Ashni Singh & Mr. Jaideep Mishra** (Public Financial Management -PFM), **Mr. Zsolt Ersek** (Monetary Policy Operations and Payment Systems -MONOPs), **Ms. Cheryl Bruce** (Financial Sector Supervision) and **Ms. Donna Grcman** (Real Sector Statistics). The sector presentations covered the key capacity development achievements for FY 2017, proposed interventions for FY 2018 work program and highlighted some challenges in the sectors.

## Feedback and Discussions

The discussions centered on the following themes:

### *Country issues & Work of AFW2*

**Ms. Juldeh Ceesay<sup>4</sup>, Ministry of Finance and Economic Affairs (MOFEA), The Gambia,**

<sup>3</sup> All participants received copies of all the SC presentations on a flash drive.

<sup>4</sup> Represented Mr. Lamin Camara who sent his regrets.

expressed appreciation to the Center for the recent outreach mission to The Gambia. She also welcomed the Center's support especially in PFM relating to State-Owned Enterprises (SOEs) and cash flow forecasting and hoped that the Center could serve as gatekeeper for development partners. Ms. Ceesay noted that the country needed more support on fiscal reporting and transparency, SOEs, capital market development and for the Statistics. She added that The Gambia is under a new dispensation and that the new government is in the process of developing a Rapid Response Plan. In this regard, AFW2 could expect new TA requests.

**Ms. Maimuna John-Sowe<sup>5</sup>, Central Bank of The Gambia (CBG)**, mentioned that feedback on the work of the Center has been very positive. She reiterated the need for support to promote transparency in the management of SOEs explaining that The Gambia has challenges with growth and debt. SOEs remained a big risk putting pressure on the government's reserves. Also, in their experience, banks have issues with provisioning underscoring the need for effective supervision of the banking sector. She urged the Center to strengthen collaboration with other development partners, particularly with WAIFEM to avoid duplication of capacity building efforts.

**Ms. Grace Akrofi, Bank of Ghana (BOG)**, welcomed the Center's peer-to-peer learning programs as well as the collaboration with regional bodies. She asked how the peer-to-peer learning could be applied to help address challenges such as widening the tax net to include the informal sector to boost revenue mobilization in Ghana. She added that liquidity forecasting in Ghana needs strengthening.

**Mr. Osvaldo Lima, Banco de Cabo Verde (BCV)**, noted that the BCV has a good relationship with the Center although the work done so far was mostly in the monetary sector. He indicated that as Cabo Verde has cooperation with other Lusophone countries, they also receive assistance from other sources. With limited staffing, they are unable to participate in all AFW2 programs. He identified macroprudential indicators as an area of interest for the BCV and looked forward to hosting a workshop with the Center on the subject.

**Ms. Liza Helena Vaz, National Directorate of State Revenue of Cabo Verde (DNRE)**, stressed the importance of country ownership in capacity development programs. She urged government institutions to have a better understanding of their challenges and to be able to articulate their vision. This would help in TA prioritization and make TA interventions more meaningful. She highlighted the challenge of balancing out the pressure to collect revenues with the need for reform in that sector. Ms. Vaz recognized the need for not only the infrastructure for government institutions to work with, but also an attitudinal change to enhance civil service integrity and the quality of public service. She hoped for a continued

collaboration with AFW2.

**Mr. Alimamy Bangura, Ministry of Finance and Economic Development (MOFED), Sierra Leone**, acknowledged the assistance received by Sierra Leone in various areas notably in drafting the PFM Act, its accompanying regulations and the Fiscal Strategy Document. He indicated the country was negotiating a new program with the Fund anchored on Domestic Resource Mobilization. In this regard, while he welcomed the assistance provided by the Center on Revenue Administration, he asked for further support also in Tax Policy advocating for a Tax Policy Diagnostics Tool. On Statistics, he noted there was a discrepancy between the growth forecast of the Government of Sierra Leone and that of the IMF regarding the mining sector which is worth investigating. He identified domestic debt management and SOE oversight as areas where the country needed assistance. He also requested for AFW2's support to train 50 new economists and budget analysts recruited by the Ministry of Finance.

**Mr. Baba Musa, West African Institute of Financial and Economic Management (WAIFEM)**, expressed appreciation for the collaboration and coordination between AFW2 and WAIFEM noting that it helped to avoid duplication in the past year. He attested to the impact of the PFM support provided by the Center to the Kaduna State Government explaining that it had helped to improve the capacity of the state.

On SOEs, **Ms. Faith Mazani, Revenue Administration Advisor/AFW2** pointed out that many Revenue Administrations in the sub-region are struggling to recover debts from SOEs and as such, the area required attention. She noted however that since SOEs covered different sectors requiring various technical skills, the Fund may not be able to provide all the assistance required in this area. **Mr. Ashni Singh, PFM Advisor/AFW2** added that the topic had been identified as a priority area for the Fiscal Affairs Department (FAD) of the Fund in the context of the new Results Based Management (RBM) framework, and was included in the Center's work plan for several member countries. Mr. Singh explained further that while actual reform of SOEs themselves is not a traditional area of work for the Fund, the Fund's work in relation to SOEs focused more on identifying, reporting and managing fiscal risks arising from SOE operations. He added that other DPs are better equipped to work on the microeconomic aspects of SOE reforms.

Regarding the issue of widening the tax net, **Ms. Mazani**, noted that from the revenue administration perspective, if governments could design policies that simplified the tax regime for small businesses, revenue administrations could then be empowered to educate, inform and collect from these small businesses. On Tax Policy, she added that a new support program for various countries dubbed the Revenue Mobilization Trust Fund would commence in May 2017 and managed by HQ. This program will support beneficiary countries in areas ranging

from tax policy to revenue administration.

### ***Financial Sector***

**Ms. Diane Mendoza, MCM/HQ<sup>6</sup>**, introduced the Steering Committee to two specific tools that could assist central banks in identifying their TA needs. The first tool was the Financial Sector Stability Review (FSSR) which provided a sound diagnostic upon which financial sector reform programs could be formulated. She explained that the tool is designed to evaluate the adequacy of institutional frameworks and capacity in financial policies that had implications in financial stability, financial deepening and financial inclusion. Once the assessment has been done, HQ would collaborate with the relevant Technical Assistance Center (TAC) to provide the necessary TA to the country. The second tool dubbed the Technical Assistance Questionnaire for Banking Supervision and Regulation was geared toward the banking supervisors.

**Ms. Maria Lopez Henriques, BCV**, mentioned correspondent banking as an area of concern for Cabo Verde as American banks had closed several of such accounts. She enquired if AFW2 could provide some assistance from the external relations front to help manage the situation.

**Mr. Michael Atingi-Ego, AFR/HQ<sup>7</sup>** indicated that correspondent banking and money laundering were topical issues under discussion between the Fund's African Department and MCM adding that a discussion note on the subject was in preparation. He advised that improving compliance with Anti Money Laundering provisions could help countries minimize the risks associated with correspondent banks. The Financial Integrity Unit of the Fund's Legal Department could also provide some assistance to countries in this area.

### ***Statistics***

**Mr. Louis Venter, STA/HQ<sup>8</sup>** encouraged country authorities to provide resources to produce quality and timely statistics and to give statisticians access to administrative data. He urged the authorities to help facilitate Memorandum of Understanding (MOU) where needed, to make data access a reality. He urged countries to subscribe to the Enhanced General Data Dissemination System (EGDDS). He added that the platform was relatively cheap and easy to install. He noted that where needed, the Fund could provide assistance on this area.

**Ms. Grace Akrofi (BOG)** enquired if AFW2's statistics support could be extended to BOG as the bank is also involved in the production of economic statistics in the country. **Ms. Donna Grcman, Statistics Advisor/AFW2** indicated that in most countries the statistics offices did not have the full capacity to produce all the necessary statistics. Thus, central banks and the ministries of finance are typically also engaged in the compilation of statistics. She noted

---

<sup>6</sup> Monetary and Capital Markets Department, IMF Headquarters (HQ)

<sup>7</sup> Africa Department of IMF/HQ

<sup>8</sup> Statistics Department of IMF HQ

however that AFW2 is mandated to cover only Real Sector Statistics. TA needs in other areas of statistics could be channeled to IMF HQ.

**Mr. Michael Atingi-Ego, AFR/HQ** highlighted that most central banks had challenges with receiving timely data from statistics offices. To get around this challenge, Central Banks have been encouraged to develop the Composite Index for Economic Activities (CIEA). AFRITAC-East for instance had taken a lead in helping central banks to compile this index. He noted that it was not the central banks mandate to produce and disseminate real sector statistics. That said, since data produced by statistics offices are not always timely and high frequency in nature, central banks sometimes fill the gap by developing internally leading indicators of economic activity mainly for monetary policy formulation.

**Mr. Lamin Leigh, CC/AFW2**, noted that AFW2 has also provided some assistance on the CIEA. Giving an overview on this work, **Mr. Zsolt Ersek, Monetary Policy Operations and Payment Systems (MONOPs) Advisor**, explained that in Sierra Leone, Liberia and The Gambia, the Center had recently started working with authorities on the development of the CIEA and this work was progressing well.

**Mr. Degol Mendes<sup>9</sup>, Economic Community of West African States (ECOWAS)**, welcomed AFW2's assistance in statistics to member countries in as much it helped to facilitate the harmonization of macroeconomic statistics in the region. He acknowledged the support received by the member countries and urged for more coordination of TA in this area.

**Mr. Douglasson Omotor, WAIFEM**, briefed the meeting that on the compilation of Government Finance Statistics (GFS) which had a significant demand from member countries, WAIFEM is planning a training program in partnership with IMF HQ on this topic.

The work program for FY 2018 was endorsed by the Steering Committee.

## 5. FY 2018 Financial Report and Budget Presentation

**Ms. Ahuoiza Baiye, ICD/HQ<sup>10</sup>**, presented on the status of fundraising for AFW2, the FY 2017 budget execution and the proposed budget for FY 2018.

**Mr. Lamin Leigh, CC/AFW2** added that during the 2017 Spring Meetings, a proposal from WAIFEM to explore a joint training with AFW2 and ICD on a monetary policy modelling course for member countries was discussed in a meeting chaired by the Director of ICD <sup>11</sup>. As the proposed work program for FY 2018 had already been submitted to the SC at the time of this discussion, it was recommended that this proposal be discussed during the SC to solicit member countries' views. Expanding on this proposed training, **Mr. Zsolt Ersek** explained

<sup>9</sup> Represented Mr. Lasane Kabore who sent his regrets.

<sup>10</sup> Institute of Capacity Development (ICD), IMF Headquarters.

<sup>11</sup> The course would be a broader monetary policy course with training on monetary policy modelling incorporated into it.

that there is significant demand for such a course in AFW2 central banks based on his TA missions. He noted that it could be tailored to the needs of various member countries adding that it had the advantage of benefiting more government officials since it would be held within the region.

**Mr. Douglass Omotor, WAIFEM** also indicated this proposed training was in response to demand from WAIFEM's Board of Directors to help close the existing capacity gap in the areas of monetary policy.

**Mr. Lamin Leigh, CC/AFW2** noted that since the capacity development work of AFW2 is underpinned by a demand driven approach, it is important to hear the views of AFW2 member countries.

### **Feedback and Discussions**

Overall, AFW2 member countries at the meeting broadly saw merit in proceeding with the proposed training course thus the SC endorsed the course. The Center was also urged to ensure a robust selection of participants. **Mr. Carlos Rocha (BCV)**, noted however that the BCV has a training plan which they would consult with respect to the proposed training. Responding to the question of WAIFEM's contribution to the program, both Mr. Leigh and **WAIFEM** clarified that this was still under discussion. Commenting on the course participant selection, **Mr. Holger Floerkemeier, ICD/HQ** explained that the Fund does its best in the selection of candidates for the various courses offered. He urged country authorities to help with the selection process by sponsoring the right candidates to the various training programs.

## **6. Presentation of AFW2 Mid-Term Evaluation Timeline and Inception Note**

**Ms. Sybille Grob**, a member of the AFW2 evaluation team from ECORYS gave a presentation on the draft inception note for the Mid-Term Evaluation of the Center. She noted that the main objectives of the evaluation are to assess the relevance, effectiveness, efficiency and sustainability of AFW2 activities using the OECD DAC criteria.

The following case studies were proposed:

- Ghana (PFM): strengthening of medium-term fiscal framework
- The Gambia (Monetary): liquidity forecasting and liquidity management
- Liberia (statistics): Strengthening national accounts
- Liberia (revenue management): Strengthening reforms in customs administration

In terms of the time line, Ms. Grob indicated that the field work of the evaluation is scheduled to take place in the second half of June and through early July with a visit to Accra, Ghana and the countries chosen for case studies. The evaluation report will be presented to the SC in April 2018.

## Feedback and Discussions

**Ms. Nina Fenton, EIB** enquired when the Evaluation Sub Committee (ESC) could expect the draft inception note for committee's input and comments. She also pointed out that as financial supervision was a strategically important area for the EIB, they would like to see it clearly distinguished from the monetary sector.

**Mr. Ashni Singh, PFM Advisor** identified AFW2's work with the Kaduna State Government (KSG), Nigeria in the PFM sector as a possible candidate for inclusion amongst the case studies. He explained that while the proposed choice of the work on Ghana's medium-term fiscal forecasting would also be an interesting case, the support provided to KSG would be an important candidate for consideration, especially given the case selection criteria of level of effort and input intensiveness. In addition, Nigeria is the Center's largest member country and an economy of systemic importance in the sub-region. Furthermore, the intervention at the sub-national level generated spillover demand in other sectors of the Center's work — most recently in revenue administration. In addition, there are broader lessons of AFW2's intervention at the sub-national level for other RTACs. Finally, the case for its selection is reinforced by the fact that this intervention was the subject of specific and extensive discussion during the Center's third Steering Committee meeting.

The proposal to include the work done with KSG, Nigeria was supported by **Mr. Michael Atingi-Ego HQ/AFR** who indicated that this work was strategically important for the Africa Department of the Fund. **Mr. Holger Floerkemeier, ICD/HQ** also supported the proposal adding that work with sub-national governments (SNGs) was very special for the Fund and had implications beyond AFW2. He indicated that the newly-established RTAC in South Asia, SARTTAC would also be supporting SNGs. Thus, an analysis of AFW2's work with the KSG and any lessons drawn from this experience would be highly valuable for the IMF's CD engagement with SNGs more broadly. While the constraints regarding a field visit to Kaduna, as well as the trade-offs with other proposed case studies were appreciated, the evaluation should cover the KSG case at the very least through an in-depth desk review.

On the question raised by the EIB about financial supervision, **Ms. Grob** clarified financial supervision will be covered in the Evaluation. Regarding the inclusion of AFW2's support to KSG, Nigeria, she explained that the choice of case studies had also considered budget constraints for the evaluation and noted it could be considered for a desk review. The issue would be discussed further with the rest of the evaluation team.

**Ms. Ahuoiza Baiye HQ-ICD** indicated that the draft inception report was being finalized and would be shared in a few days. **Mr. Holger Floerkemeier, ICD/HQ** added that the evaluation report will be a key input for the preparation of the next phase of AFW2.

## 7. Chair and Location for the next Steering Committee Meeting in April 2018

**Mr. Lamin Leigh, CC/AFW2** noted that in line with the governance arrangement approved

by the SC the rotation of the location and chair for SC meetings among AFW2 member countries was encouraged. Ghana hosted the first three SC meetings and the last SC meeting was held in The Gambia. Thus, Nigeria, Liberia and Sierra Leone are yet to chair and host AFW2's meeting.

**Ms. Grace Akrofi (BOG)** proposed Nigeria to be the next Chair and host of the SC. However, given that there was no representative from Nigeria at the meeting, she enquired about the Center's level of engagement with Nigeria. **The Gambia** seconded the proposal for Nigeria to host and chair the next SC meeting.

**The CC** noted that although Nigeria had so far not participated in the Centers' SC meetings, the Center's TA engagement with the country was extensive covering most sectors. Moreover, Nigeria had also recently appointed its representative to SC and when they were asked at this year's IMF/World Bank Spring Meetings, they also signaled their willingness to host and chair the next SC meeting. With no other proposals made by members, the SC endorsed Nigeria to be the next host and chair of the SC.

#### **8. Presentation on the new Fund-wide Results-Based Management (RBM) framework**

**Ms. Tsegereda Mulatu, Results-Based Management (RBM) Advisor** gave a presentation on the new Fund-wide RBM framework. She explained that the RBM was a strategic management tool used by many government institutions and international organizations. It would be used by the Fund to monitor how its TA efforts provide tangible outcomes. She noted that by focusing on results rather than inputs, the RBM framework offered several benefits for the Fund, member countries and DPs. She stressed that the use of the RBM required a shared effort and responsibility between country authorities and the Fund. Member countries were encouraged to actively engage in the TA program design and show commitment to the implementation of TA program and the attainment of the agreed results.

#### **Feedback and Discussions**

**Mr. Baba Musah, WAIFEM** welcomed the introduction of the RBM by AFW2 and noted that WAIFEM was also implementing an RBM. He indicated that from WAIFEMs' experience it was very useful to identify mitigating strategies for risks identified in the context of the RBM as CD outcomes are sometimes subject to factors that are well beyond the control of the authorities.

AFW2 Advisors **Ms. Mazani (Revenue Administration)** and **Mr. Jaideep Mishra (Public Financial Management)** reiterated that the RBM could be a useful tool in the management of various programs particularly in linking various interventions for common results.

**Ms. Juldeh Ceesay, The Gambia**, endorsed the RBM as a tool that could help countries to track progress in the implementation of their various development programs.

**Ms. Liza Helena Vaz, DNRE, Cabo Verde** stressed that success of the RBM would be related to ownership and coordination and encouraged country authorities to show strong leadership.

**Mr. Osvaldo Lima, BCV**, stated that good diagnosis was critical for TA. He advised that the RBM should have a gradualist approach considering the contextual factors in the various countries rather than adopting a one-size-fits-all approach. He said ownership would be reinforced when contextual factors are considered.

## **9. Concluding Remarks by Center Coordinator**

**Mr. Lamin Leigh, CC/AFW2** announced that he will soon be assuming a new assignment in the Fund, and that this meeting was therefore his last Steering Committee as the Center Coordinator for AFW2. He expressed gratitude to the staff of the Center, the various member country representatives as well as DPs for the support he received during his tenure at the Center. He informed the SC that his successor had been appointed, in the person of Mr. Oral Williams. Mr. Williams would take office in September 2017.

**The meeting ended at 4:30 pm**

## **Summary of main recommendations from the 5<sup>th</sup> AFW2 Steering Committee Meeting: April 28, 2017**

1. The Center will follow up on member countries request for support on fiscal risks arising from SOEs operations, how to bring the informal sector into the tax net and how to minimize the risks/vulnerabilities posed by correspondent banks.
2. The Center will follow up on the proposed joint training course by ICD/AFW2/WAIFEM on monetary policy modelling.
3. The Evaluation team was urged to consider including the Center's work with the Kaduna State, Nigeria as an additional case study.
4. The Center will follow up with Nigeria on hosting and chairing of the next steering committee meeting in 2018.
5. The Center will follow up on the next steps in the implementation of the IMF-wide RBM framework at the Center.

## ANNEX V: AFRITACWEST 2 STAFF

### Coordinator, Resident Advisors and the Local Economist

**Mr. Oral Williams, Center Coordinator**, is a national of St. Kitts and Nevis. He is a macroeconomist with 24 years' experience in the implementation of macroeconomic policies across, Sub-Saharan Africa, Latin America and the Caribbean, and the Middle East. His career experience encompasses small island states (Antigua and Barbuda, Barbados, Dominica), emerging markets (Dominican Republic, Jamaica, Uruguay), low- income/fragile states (Bolivia, Burundi, Democratic Republic of the Congo, Malawi), oil/gas producers (Bolivia, Gulf Cooperation Countries, Nigeria), monetary and near monetary unions (CFA Franc Zone, Eastern Caribbean Currency Union, East African Community).

His expertise covers a broad spectrum of competences including, macroeconomic modelling, monetary policy in low-income countries, capacity development in public financial management, fiscal policy and macro-economic program design and implementation. He has conducted policy oriented research that culminated in IMF publications and peer-reviewed journal articles.

**Ms. Cheryl Bruce, Financial Sector Supervision Advisor** was appointed as the AFW2 Resident Advisor in Financial Supervision and Regulation in December 2014. Ms. Bruce has broad experience in financial sector supervision as well as in managing TA projects. For the past nine years, she has been employed at the Commonwealth Secretariat as an Economic Advisor, helping regulatory authorities build compliance with international standards and recommended frameworks. She assumed duty at AFW2 in January 2015.

**Ms. Donna Grcman**, before her assignment as a Regional Advisor on national accounts and price statistics at the West AFRITAC 2 in January 2014, Donna Grcman was working for more than twenty years in the Australian Bureau of Statistics. She worked in various economic statistical areas but the majority of time was spent working on the production of the Australian National Accounts. She has also been engaged as an expert in the IMF missions on national accounts statistics: to Botswana, Namibia and Mauritius in Africa; and Laos in South-East Asia.

**Mr. John Grinyer** joined the Center in January 2018, having previously worked for the Fund as a long-term expert in Botswana and on various short-term PFM assignments. John covers the 'upstream' aspects of PFM, covering macro-fiscal, budgeting and state-owned enterprise topics, building on his experiences as an advisor in several Ministries of Finance, including Timor Leste, Afghanistan, the Maldives and Lesotho. John has previously been a senior economic advisor with the UK's Department for International Development (DFID), and an advisor with various consulting firms. He began his career as a fast stream economist in the UK, before taking an Overseas Development Institute (ODI) Fellowship in Lesotho in 2004.

**Mr. Naresh Mohan Jha** has been part of the Ministry of Finance in the Federal Government of India, working in the last ten years mostly in the capacity of Director Budget. He was responsible for the formulation and implementation of federal budget as well as in designing and implementing a range of public financial management reforms. He has over 20 years of operational and policy making experience on government accounting and financial management. In his previous assignment, he was engaged in implementing an IT based public finance management system of the country.

**Mr. Henry Kanyesiime Gaperi** joined the center on April 1, 2017 as the Regional Revenue Administration Advisor. He has also worked in the same capacity in the IMF AFRITAC East serving seven eastern African countries. Henry has over 25 years of experience in taxation, revenue administration and institutional re-engineering. Prior to joining the center, Henry served as the first Commissioner General of Office Togolais des Recettes (OTR), where he helped the Government of Togo to create their revenue administration. He held several senior positions in Rwanda including: Chief Executive Officer of the Social Security Fund of Rwanda (SSFR) where he spearheaded reform and modernization of the social security system in Rwanda; The Commissioner General of Rwanda Revenue Authority (RRA) where he championed reform and modernization of the Rwanda tax system ranging from policy, administration and legal framework. He coordinated the introduction of VAT in Rwanda. He also served as the Permanent Secretary in the Ministry of Commerce, Investment, Tourism and Cooperatives in Rwanda. He chaired the Rwanda Capital Markets Advisory Council charged with developing and regulating capital markets in Rwanda. He coordinated the introduction of the Capital market in Rwanda which commenced in 2008. He was a member of East Africa Information and Communication Technology

Impact Investment task force. He has served on a number of boards including banks, academic institutions and NGOs.

Before joining the civil service, Henry worked and lectured at several universities both in Canada and Rwanda. He has an MBA from Simon Fraser University in Canada and a Bachelor of Commerce from the National University of Lesotho. He is a fellow of the African Leadership Initiative and a member of the Aspen Global Leadership Network.

**Mr. Philip Wood** joined the Center in September 2016 as Advisor for Customs. He is a Customs and Strategic Management expert with nearly 30 years of experience in more than 30 countries. Philip was previously a member of HM Revenue and Customs in the United Kingdom and has obtained a wide experience of Customs work. As a graduate of the Civil Service Fast Stream Development Program, he has been appointed to a number of roles at administrative, operational and senior management levels, including administrative management of customs operations at London Heathrow and compliance management (VAT, Excise & Corporation Tax) for some of the UK's largest and most complex businesses. Philip is a registered PRINCE2™

Practitioner and has worked for the World Customs Organization (WCO), International Monetary Fund (FAD Expert), USAID, the EU, and the World Trade Organization (WTO) to deliver change management and knowledge strategies for entities in Central Europe, Caribbean, Middle East, Asia and Africa.

**Ms. Tsegereda 'Reda' Mulatu** joined the AFW2 team recently as a Result-Based Management (RBM) Advisor. Prior to coming to AFW2, Reda worked in the Monetary and Capital Markets (MCM) department in IMF HQ since 2000, most recently as a Technical Assistance Officer.

**Mr. Zsolt Ersek** joined the Center in September 2015 as the Regional Advisor on MONOPs with a wide experience in delivering TA to central banks. In the last 10 years he participated in close to 20 short term missions to Macedonia, Nigeria, Tajikistan, Sierra Leone, Serbia, Honduras, Cabo Verde, Myanmar and Kazakhstan in the field of improving monetary operations, developing foreign exchange markets and the reserve management functions. Before joining AFRITAC West 2, he was a resident long-term expert in Bank of Ghana (BoG) for 2 years. With his guidance, BOG fully renewed its monetary policy toolkit, improved its financial market analyses and enhanced its banking

sector liquidity management activities.

**Ms. Pokuaa Nana Akua Adu** – Local Economist/Special Projects Officer

Pokuaa joined AFW2 on July 9 after working for the past 3.5 years with the Monitoring, Learning and Evaluation Unit of the Institute of Statistical, Social and Economic Research at the University of Ghana. Her experience spans a variety of fields and sectors, including project management, impact evaluation, survey design, data analysis and reporting, capacity building, and training in research methods and software. Her most recent work and research experience has been in Ghana, Burkina Faso,

Mali and Niger.

### **AFRITAC West 2 Administrative Staff**

**Ms. Janice Norman**, Office Manager

**Mr. Selase Kofi Dusi, Admin. Assistant/IT Officer**

Selase has worked for several international organizations including Save the Children, USAID, Canadian and Indian High Commissions where he was Office Manager, Logistics Manager and Admin Assistant respectively. During this period, he worked within the West and Central Africa Region.

Before joining AFRITAC West 2 in January 2014, he was an Administrative Assistant at the International Finance Corporation (IFC) for one year and was a key logistics person for the move into the new World Bank Group Building.

**Ms. Maria Adam, Admin Assistant**

Before joining the AFRITAC West 2 office she worked with Vodafone Ghana as a customer service representative for over a year and also with the Ghana Internal Revenue Service as their data system person.

**Deborah Morrison, Staff Assistant**

Deborah has over eight years' experience in administration, management and human resources. Prior to joining the Fund on October 14, 2016, she served as an Administrator in a real estate company. She also worked as an Administrative Assistant and later as an HR Assistant with New Crystal Health Services Limited, one of the largest private health care service providers in Ghana. Deborah holds a BBA in Human Resource Management from the Methodist University College Ghana.

**Peter Nii Laryea, Driver**

Prior to joining AFRITAC West 2 he worked with the Nissan Auto parts four years and TATA Africa Holdings for a year as a mechanical engineer. He also had the opportunity to work with the Movenpick Ambassador Hotel as a driver for a year.
